

Environmental Policy

Triangle Lift Services Ltd is an environmentally conscious and responsible company who makes every effort as far as reasonably practicable to ensure that all aspects of the business have the least harmful effect on the environment.

The company policy is to:

- Ensure we are fully aware of all environmental legislation and any other requirements within the business process to ensure that regulatory requirements are met and, where feasible, exceeded
- Prevent pollution
- Ensure all staff, but particularly the engineers, are encouraged to keep waste to a minimum and act, in the course of their duties, in accordance with the environmental policy
- Monitor the implementation of the policy by carrying out periodic audits of compliance and, when appropriate, introduce remedial measures
- Encourage customers, suppliers and sub-contractors to act in accordance with our environmental standards
- Continually improve environmental performance by setting objectives and action planning

The company's ISO 14001 environmental management system has been assessed to identify the associated environmental aspects and impacts.

The directors of Triangle Lift Services Ltd are responsible for managing and maintaining this policy and the environmental management system.
